Dear Model A'ers:

Well, here we are in June, already. The Sooner Model "A" Club ended May with an interesting tour to Norman, Oklahoma. Kent and Joe took us to several of the oldest buildings on the OU campus, then to Owen field. Our last stop was one of the oldest houses in Norman, which is now a Museum.

This month has several events on the schedule. Consult the calendar elsewhere in the newsletter. Hope to see a good turn out this month. Several couples are going to the regional meet in Colorado. We wish them a safe and happy trip.

See you on June 16.

DeWayne Owens

24th ANNUAL CAR SHOW, WOODLAND PARK, SHAWNEE, JUNE 27

Clifton Hill has talked to the Knights Auto Club (that puts on this car show) and they have agreed to create a special class for 1928-1931 Model A Fords (restored or un-restored). The park is a nicely tree-shaded park and offers a pleasant location to display Model A Fords and visit with other car owners and the general public. There is a former high school parking lot only a block north of the NE corner of Woodland Park which could be used to unload trailered vehicles. Woodland Park is located in the 400 block of North Broadway, just North of the County Court House.

The Shawnee Stained Glass Tour that Laurie has set up is all within walking distance of the car show. The tour includes a couple of churches, etc. The Okie A's will also be joining us.

MAY BREAKFAST AND MYSTERY TOUR

The day began as a beautiful sunny morning with light winds. We met for breakfast at Furr's Buffet in Moore as we enjoyed a variety of good all-you-can-eat food items.

After breakfast, utilizing CB radios to assist us in our communication, the Mystery Tour began with six Model A's including a potential new member, Joe Searce from Norman who drove his 1930 Model A Pickup. Our first stop was on the campus of the University of Oklahoma seeing many old architecturally unique buildings including the original building, Evans Hall where O.U. first began. Our second stop was at Oklahoma Memorial Football Stadium where we entered the open gate and viewed the many unique characteristics of a once small stadium built in 1925 with only 16,000 seats now with a seating capacity over 85,000. Our next stop was a quick break for drinks at a convenience store then we were off to the Cleveland County Historical Society. We toured the Moore-Lindsay historical house with Victorian Queen Ann style built in 1900. It was beautiful as well as interesting. After a satisfying day and as the heat of the day increased, we departed looking forward to our next driving tour event.
