## Greetings From Will

It is hard to believe that the end of Summer is already here. We had a great turnout for the July Monthly Meeting with over 55 members attending the annual Ice Cream Social. All manner of ice cream was served along with cakes and other assorted goodies.

We had three new members join our club at the July meeting. Please make them welcome when you meet them in the coming months.

No driving events are planned for August but the annual watermelon feast at this month's meeting is always a treat.

On Sunday August the 30th from 2-4pm, we will be conducting car games for the AACA (Antique Auto Club of America's) 2015 Glidden Tour. This is a tour of pre-war automobiles that has not been in Oklahoma City since 1915. If you can help with the games, please contact Phil Wolfenbarger or myself and come and see some of the finest antique automobiles in America.

As always looking forward to seeing you and your A on the road.

Will Langford  
2015 Chapter President

**August  
Recipe  
Of The  
Month**

Here is what to do with that Zucchini that has grown like crazy this year.

**ZUCCHINI BREAD**

- 3 eggs
- 1 c. vegetable oil
- 2-1/2 c. sugar
- 3 tsp. vanilla
- 1 tsp. (each) salt, soda & cinnamon
- 1/4 tsp. baking powder
- 2 c. grated, unpeeled, raw zucchini
- 3 c. flour
- 1 c. chopped nuts

Combine eggs, oil, sugar and vanilla. Beat well. Add sifted dry ingredients and blend well. Stir in zucchini and nuts. Bake at 325 degrees for 60 to 70 minutes, or until done. Recipe makes 2 loaf pans or 1 (10-cup) Bundt pan.

**Hint:** Line bottom of loaf pan with wax paper.

## ERA FASHION TIPS

### A New Angle on Hats

By Peggy Gill

The *MAFCA Fashion Guidelines 2010* tells us plenty about the hats of the Model A era, and provides us with a detailed description of what two areas define the hats of our era—specifically the location of the brim on the forehead and the depth of the crown.

Pictured at right puts a new angle on what was new for the Spring of 1931 according to an article found in the *Women's Home Companion* for March 1931. These hats definitely sport the brim high on the forehead, something we look for in a 1931 style. But what is surprising is that the Paris milliners created hats that appear different from every angle. Unable to compete with the fashion houses of Paris, the descriptive wording is a direct quote from the article:

- A. Black Paper Panama. Designer Maria Guy made it with a tiny turned-up brim at front and in the side view you see that she has unexpectedly given it a wide drooping brim with a satin bow.
- B. Brown wool jersey sports hat from Agnes. On one side she has tucked a feather under the little roll of jersey.
- C. This Marcelle Lely hat has a crown of green grosgrain and a brim of green bakou straw which is close-fitting at one side and sweeps downward at the other.
- D. A brown wool jersey by Reboux who has cut a beret style and outlined it with brown grosgrain.
